Top Floor Acrylic Swimming Pool Of The Hotel

Chuanyue® as the professional manufacturer, we would like to provide you high quality Top Floor Acrylic Swimming Pool Of The Hotel. And we will offer you the best after-sale service and timely delivery.

Shanghai Chuanyue provides large acrylic swimming pools and suspended swimming pools to over 35 hotels in 15 cities. Due to the large size and large number of users of the hotel swimming pool, the water storage pressure and personnel impact force of the pool are overloaded. Therefore, it is necessary to design based on passenger flow and the weight of the water body, and choose ultra-thick acrylic boardss for side boards fixation. For ultra-long acrylic boardss, additional fixing brackets need to be added in the middle to ensure the installation of the acrylic swimming pool.

For the oversized transparent acrylic swimming pool floor of the hotel, acrylic boardss with a thickness of 600mm-800mm are needed to ensure personnel safety. When you need a large-sized transparent acrylic swimming pool, please contact us. We have professional design engineers to carry out the overall design for you. At the same time, the factory has professional production engineers who can provide super transparent acrylic boardss. We also provide a professional installation team to the site for seamless splicing and installation services. Thank you for your inquiry, and we will wholeheartedly serve you.
